Why attend

Agile coaches help teams and organisations move beyond agile ceremonies to genuinely better ways of working. This course develops agile coaching skills: assessing team maturity, coaching and facilitation techniques, running effective retrospectives, helping teams resolve impediments and conflict, and supporting managers through agile transformation.

Teams often adopt agile practices but not the mindset. You will learn how to coach teams towards self-organisation and continuous improvement.

Professional Problems This Course Is Designed to Solve

• Difficulty translating subject knowledge into practical workplace decisions.
• Inconsistent approaches to the activities covered in the course outline.
• Lack of a structured plan for applying and reviewing new skills.

Course methodology

Coaching practice sessions, facilitation exercises, retrospective design, case studies and peer feedback.

Course objectives

By the end of this course, participants will be able to:
• Explain the role and stances of an agile coach
• Assess agile team maturity
• Apply coaching and facilitation techniques
• Design and run effective retrospectives
• Help teams address impediments and conflict
• Support leaders in agile transformation

Target audience

This course is suitable for:
• Scrum masters
• Agile coaches
• Project managers moving to agile roles
• Team leaders
• Transformation consultants

Course content
