Why attend

Shrinkage from theft, fraud, damage and administrative errors erodes retail and warehouse margins. This course covers measuring shrinkage, analysing loss data, identifying high-risk products and locations, internal and external theft, process errors, prevention measures, investigations and building a loss prevention programme.

Small reductions in shrinkage significantly increase profit. You will learn to analyse and reduce inventory loss.

Professional Problems This Course Is Designed to Solve

- Difficulty translating subject knowledge into practical workplace decisions.
- Inconsistent approaches to the activities covered in the course outline.
- Lack of a structured plan for applying and reviewing new skills.

Course methodology

Loss data analysis exercises, store and warehouse case studies, prevention planning workshops.
